## Dr. Temt PURITY CLEAR SALICYL PEEL Facial Protocol

Steps/ Protocol	Duration	Description
1.Client Preparation	3 Min.	Client <b>MUST</b> remove contact lenses. Protect client's hair with a towel or cap.
2. Eye Make-up Remover	4 Min.	Apply the <b>Hydrophilic Oil with Azulene</b> on two cotton pads. Using downward and outward swipes to remover eye make-up from each eye.
3. Cleanse	6 Min.	Apply the <b>Glycocid Gel Cleanser 10%</b> to a pre-moistened face, neck and décolleté. Remove cleanser with damp 4x4 wipes.
4. Tone	3Min.	Apply the <b>Azulene Toner</b> to the face, neck and décolleté with cotton rounds or 4x4 Aesthetic wipes. Pat the skin dry with 4x4 wipes leaving on the Azulene Toner and use a fan until the skin is completely dry.
5. Treatment Preparation	3 Min.	After skin is completely dry apply the <b>COMBINAL Protection Cream</b> to sensitive areas like around the crease of the nose and corner of the mouth. Cover the eyes with moistened cotton rounds.
6. Treatment Application	1 Min.	Dispense approximately 3-4 pumps of the <b>Purity Clear Salicyl Peeling</b> into a small bowl. Apply the peel with a fan brush quickly and in an even layer over the face. Starting from the center of the forehead, brush upward toward the hairline and outward to the temples. From the side of the nose brush downward to the cheek repeat on other side. Start under the lower lip downward stroke to chin under jawline. Then start in the center of the jaw under the chin downward strokes from the neck to décolleté. Finish the neck and start at the sternal notch for the décolleté. Divide the décolleté in half from the sternal notch with sweeping brush strokes from the center to just before the shoulder. <b>* Avoid contact with eyes and mouth avoid any mucous membranes.</b>
7. Remove Peel	5 Min.	After application it is normal to feel a tingling sensation. Provide comfort by fanning air. After leaving the peel on for 2-5 minutes. Remove Peel with lukewarm water using 4x4 wipes and <b>Hydrophilic Oil with Azulene</b> .
8. Massage	4 Min.	Apply <b>Purity Clear Ampoule</b> massage into face neck and décolleté.
9. Mask	10 Min.	If the skin needs to calm down apply the <b>Azulene Gel Mask</b> , otherwise apply the <b>Purity Clear Mask</b> for 10 minutes /Remove.
10. Moisturize/Protect	1 Min.	Apply the <b>Purity Clear Restore Cream</b> first then apply <b>Pauli of Venna's Ultra Tint Daily Defense SPF 30</b>
After Care Products Sooth- <u>Restore the Skin at Home.</u> *Purity Gel Cleanser *Purity Clear Ampoules *Purity Restoring Cream	<b>Inform the Client:</b>	<p>*Do Not remove any flaky skin.</p> <p>*Avoid sun, No Tanning beds</p> <p>*No products with Retinol, Benzoyl Peroxide, Vitamin A, *Antibiotics (also during Treatment.)</p> <p>*No hair removal (up to 1 week after.)</p>

## Dr. Temt PURITY CLEAR SALICYL PEEL Facial Protocol

### **Before Treatment Care Instructions**

#### **Treatment description:**

*Treatment Time: Approx. 50 minutes*

*For most skin types, except extremely sensitive/ irritated skin. This facial treatment is an excellent treatment for dull, devitalized, or impurity prone skin.*

#### **Purity Clear Salicyl Peeling should be avoided when:**

- Skin is extremely sensitive and gets easily irritated (Neurodermatitis).
- Skin with Couperose, veined or thin skin.
- Skin has tendency towards herpes.
- Pregnant or during breast feeding period.
- Taking Vitamin, A supplement.
- Skin has inflammatory acne.
- Skin is sunburned.

#### **One Month Prior to the treatment:**

- No Laser Treatment or Cosmetic Fillers.

#### **One Week Prior to the treatment:**

- No peeling of the skin.
- No shaving, hair removal or use of hair removal creams or wax.
- No sun exposure or solarium visits.
- No products with e.g., Retinol, Benzoyl Peroxide, Vitamin A, or Antibiotics (also during treatment.)

#### **24 Hours Prior to the treatment:**

**Patch test must be performed** on the forearm, or on the small area of the skin below the ear at the hairline. Leave the solution on for at least 1 minute before washing it off. Check the patch after 24 hours, if skin looks normal the treatment can be done. If irritation or allergic reactions occur don't use the peel.

#### **Attention:**

The Purity Clear Salicyl Peeling Treatment Protocol must only be executed by a licensed esthetician. It is recommended to wear gloves during the treatment.

## Dr. Temt PURITY CLEAR SALICYL PEEL Facial Protocol

### After Treatment Care Instructions

#### Important:

1. The following **Purity Clear products contain \*Beta Hydroxy Acid (B.H.A.)** that may increase the skin's sensitivity to the sun and particularly the possibility of sunburn. Therefore, we advise to use sunscreen, wear protective clothing, and limit sun exposure while using these products and for a week after treatment with the **Purity Clear Salicyl Peeling**.

**\*(Purity Clear Pore Lotion, Purity Clear CT Toner, Purity Clear Mask.)**

2. Avoid contact with the eyes and mucous membranes. If contact occurs, wash immediately with water.
3. In some cases, normal momentary slight tingling may occur after application of the product. Should this persist, remove the product with lukewarm water.
4. Keep out of reach of children.
5. Not recommended for very sensitive skin, or skin conditions like eczema etc...

#### Side Effects:

- Some redness and itchiness can occur temporarily after the treatment. Skin can feel tight and dry within the next following 24 hours. Flaky skin can occur but not necessary. This can last for one week.

#### After Care:

- No removal of flaky skin.
- Avoid hot showers, steam rooms or saunas on treated area.
- Avoid activities that would make you perspire.
- Avoid extended sun exposure, No Tanning beds.
- No products with Retinol, Benzoyl Peroxide, Vitamin A, Antibiotics (also during Treatment.)
- No hair removal (up to 1 week after.)
